Power of volunteering! EVS in Poland

ESER "PIONIER" is honour to welcome in Poland two volunteers.

If you want to get new knowledge, develop your skills and meet great people – it's the best option for you!

Sign up today for our project!

Send us your CV (deadline: 10th of February 2016)

ABOUT PROJECT:

The project *Power of volunteering!* implies the involvement of volunteers for 12 monthly activities of the organization ESER "PIONIER". The volunteers will have the opportunity of cooperation with the local community (with special emphasis on children, students and seniors). The subject of activities will concern the aspects of volunteering abroad and the mobility of young people in Europe. The activities will be realised through including educational workshops Eurowarsztaty (Euroworkshops) conducted by volunteers, educational activities for children and teenagers, the organisation of integration meetings and animation activities. What is more, volunteers will conduct language workshops and classes in which the volunteers will use their individual abilities and talents. The volunteers will also make "Dziennik wspomnień" (My Diary), in which there will be information about the successive stages of project, new activities and challenges, impressions and comments related to volunteer work but also related to life in a new environment. "Dziennik wspomnień" will be published on the website of the applicant. The project will result primarily in gaining the knowledge, skills and experience (including the ability to organize work, teamwork, training and workshops, animation activities, cooperation with people at different ages, meetings with a coach and a professional counselor), which will be an added value in volunteers' lives. The project will have a positive impact not only on the volunteers but also the members of the organisation and the people of Warmia and Mazury region. Thanks to the promotional activities and the involvement of volunteers in local activities the inhabitants of Olsztyn will find out what EVS, the Erasmus+ program and European mobility are. The volunteers will become a positive role model for those who are looking for new paths of their development in UE countries.

Arrivel to Poland: from 1.03.2016 to 28.02.2017 r.

PROJECT ENVIRONMENT

Olsztyn is the capital of Warmia and Mazury Region. It is the main cultural, communication and educational centre in the north-east part of Poland. There are 180 thousand habitants living here.

We have the biggest university in whole region – University of Warmia and Mazuria which gather 40 thousand of students studying there. The distinctive feature comparing to other Universities in Poland is Kortowo – the one big campus of whole students studying here which is not only a center of studying and education, but also a center of student’s social life. Kortowo is the place where you can develop your interests and hobbies; you can simply just have a fun with other students in students’ clubs, sport centers and students’ associations. In the cultural field you can easily visit a theatre, an amphitheatre, a cinema, a philharmonic and many galleries spread through the city. Many concerts, artistic shows and events are perfect place to strike up an acquaintance.

Olsztyn is a place where every European volunteer can take part in many activities also in their free time. Thanks to a good level of means of transport it is not a problem to move in the city. Living in Olsztyn is easy you can always count on your neighbors. There are many variety foundations and associations in the city. They are cooperating with each other so that’s way students can gain new experience in many places. It is the example of active citizenship that people take part in many actions willingly.

FINANCIAL CONDITIONS

Accommodation and food will be fully covered + pocket money for the personal expenses and the travel costs will be reimbursed according to Erasmus+ regulations and will be as follows:

Distance between project location and participant home: 0-99km: 0€ 100-499 km: 180€*
500-1999 km: 275€* 2000-2999 km: 360€*

Volunteers will live in the private apartment in the city center (or close to it) with good public transport.

DESCRIPTION OF ORGANIZATION

ESER PIONIER constitutes an association of young people and, despite the fact that it is still a new initiative, it is already very active. The main objectives the association determines are:

- to propagate the idea of education and self-education amongst young people,
- to initiate meeting of young people from around the world,
- to react and help in elimination of problems concerning children and young people,
- to support the social initiatives aiming at development and education,
- to combine partners for mutual undertakings.

ESER PIONIER basically relies on the knowledge and involvement of it's members, who distinguish themselves by they their extensive experience resulting from their participation in other non-governmental organizations. Selecting the members of our team, we create our initiatives to meet the needs arising in the local environment. In order to facilitate our efforts, we establish local and international partnerships as well as raise funds. At this moment we are knows as the coordinating center for the program 'PROJEKTOR – student voluntary service' operating in the Warmia and Mazury province.

The devolution of coordination of the program 'PROJEKTOR – student voluntary service' has made the greatest impact on the direction of the development of the association. The key objective of the program is to reach the children and youngsters in the localities of up to 20 thousand inhabitants. The students' knowledge and inspiration help them to prepare their own original projects, which are them realized with children, arousing their enthusiasm and encouraging to develop their passions. The association has been coordinating the program 'PROJEKTOR – student voluntary service' for already 3 years. The program has recruited around 400 volunteers, motivating them as well as ensuring the path of personal development.

Currently, ESER POINIER has been cooperating with several Partners. We are considered as 'specialists' in the field of voluntary service and the mobilization of young people.
